May 2018

What's raised here, stays here.

Every day, donors like you change someone’s life. Our monthly newsletter is a way to share success stories so you know how your donations help the Coastal Bend community.

You Make a Difference

We believe every child deserves a quality education and to be prepared for the first day of kindergarten. That’s why we use your donations to support programs like Greenwood-Molina Children Center’s Early Childhood Program.

Anthony and Nicole have had children at Greenwood-Molina Children’s Center for 13 years – first with Nicole’s two nieces and now with their four-year-old, Alivia.

“They’re more than a daycare,” said Anthony. “It’s good for [our kids’] development and we’ve seen them grow a lot.”

Like many dual-income families in the Coastal Bend, they wanted a quality educational program for their children, but struggled to find affordable childcare that worked with non-traditional schedules.

The Center’s flexible hours, educational structure and nurturing environment has given the children in this hard-working family a successful start to their education. Alivia can already recite her numbers and loves to trace letters.

Their story shows the life-changing effect you have on families and the future of this community when you give to United Way of the Coastal Bend. UNITED, we all win.

Help Local Students by Supporting Operation SOS

More than 45,000 Coastal Bend children don’t have the basic school supplies needed for their first day of school. Every year, we partner with H-E-B and KRIS Communications to raise money and purchase supplies so these students can have a successful start to the school year. Visit our website for the five easy ways you can help.
