This past fiscal year can be summed up in one word: **Strength**.

Hurricane Harvey's landfall brought destruction to our communities, but it also brought out the generosity in our family, friends and neighbors. Your gifts to our Community Investment Fund meant we could continue our work addressing the needs that existed in the Coastal Bend before the storm. Then, you went above and beyond by giving again when we opened the Disaster Relief Fund. Together, we're creating a new normal in places that will never be the same. That takes considerable courage and strength. You've exemplified the true meaning of **LIVE UNITED**.

We've taken steps to strengthen our bond with you – our generous supporters. We're communicating with you year-round because you're the reason we can accomplish so much. In February, we launched a new mobile-friendly website and blog. In April, we launched a revamped monthly e-newsletter to share real success stories from our partner programs as well as donor stories and information on events, programs and volunteer opportunities.

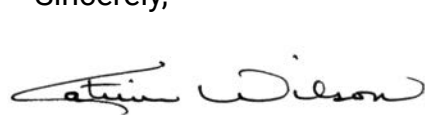

We've made bigger strides with video content. You can now hear success stories and donor experiences straight from real people on our Facebook page and YouTube channel. It's important that you see their faces and hear their stories because you've had a hand in changing their lives long-term.

Another change brought on in fiscal year July 1, 2017-June 30, 2018 was the addition of the Nurse-Family Partnership (NFP) to the United Way of the Coastal Bend family. Through this program, first-time mothers are paired with a personal nurse who conducts home visits until the child's second birthday. Nurses provide mothers with an open line of communication for professional medical advice, pre- and post-natal education, infant checkups, goal planning and more. We're very proud to have this essential service for new mothers in Nueces County.

Because of you, we were able to help more than **130,000** people this past fiscal year – changing their lives long-term in the areas of education, health and financial stability. United, we're strengthening the Coastal Bend by helping people rebuild their lives for good.

**UNITED WE ALL WIN!**

# NURSE-FAMILY PARTNERSHIP PROGRAM

We welcomed Nurse-Family Partnership (NFP) to United Way of the Coastal Bend in September of 2017. This essential program pairs registered nurses with first-time mothers who are at 28 weeks or less gestation. NFP nurses conduct home visits with these mothers until the child turns two.

During this time, the nurses provide helpful pre- and post-natal education, help the mother set life goals, demonstrate activities that promote brain development for infants and toddlers, perform general wellness checkups on the child and so much more.

The nurses host three events to celebrate the bond they have with their clients. Every year, nurses and NFP mothers get together for a birthday party for NFP children who turned one. They host a graduation event every May for mothers of two-year-old children. During the summer, they go on a field trip to the Texas State Aquarium.

Visit the Nurse-Family Partnership tab at [uwcb.org](http://uwcb.org) to learn more.
